Square frame diagram of the receiver principle:

Receive the antenna

27.145MHz

| chooses the surge Enlarge the solution Adjust the electric circuit | → | Decode the electric circuit | → | Electrical engineering Drive Electric circuit | → | Electrical engineering |
| Steady press Electric circuit |

Battery

Shoot the antenna
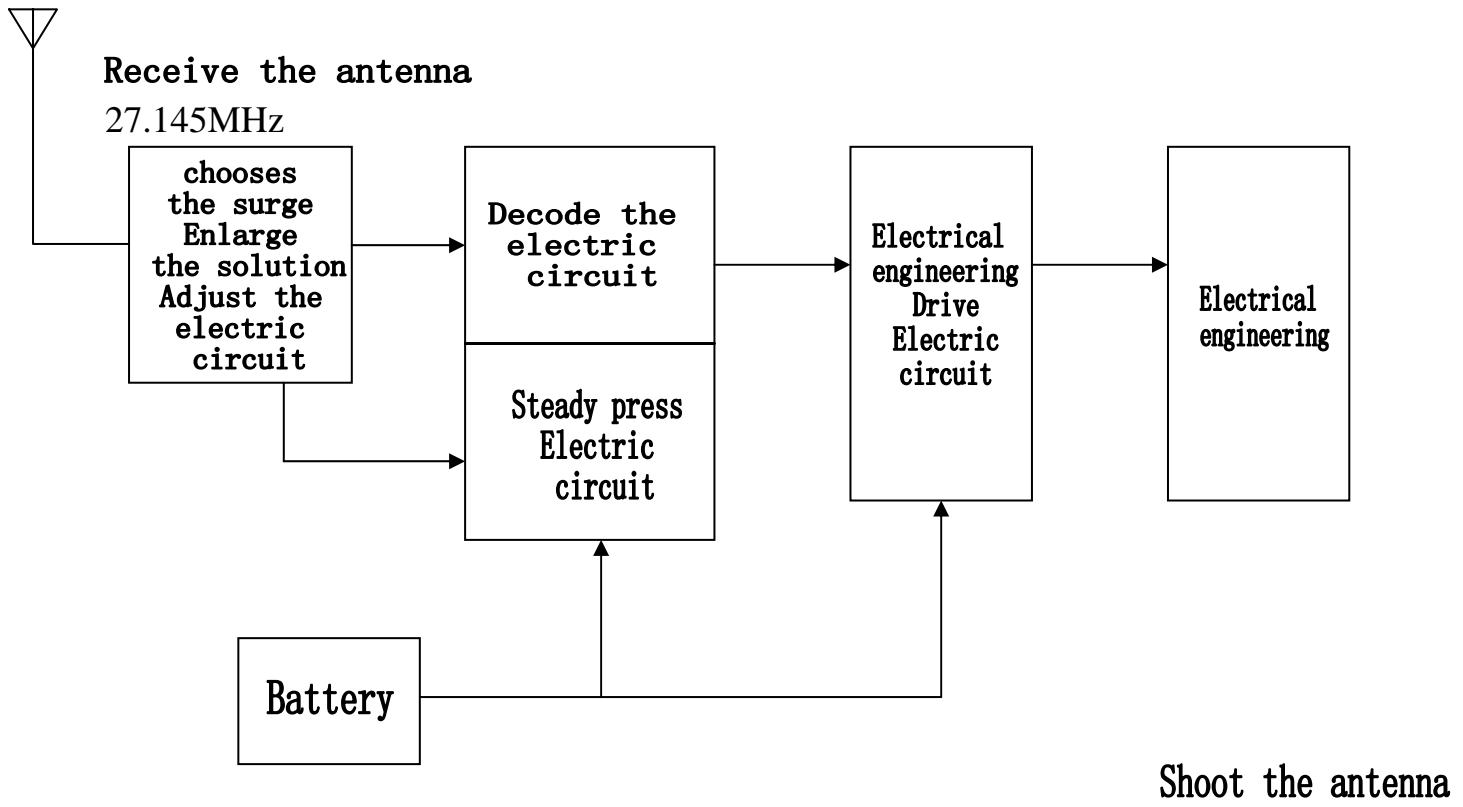

Shoot the square frame diagram of the machine principle:

27.145MHz

| Control the switch | → | Code Electric circuit | → | Make the electric circuit/The high frequency enlarges the electric circuit |

Steady press Electric circuit

The high frequency carries the wave Flap the electric circuit of surge

Battery
